**With over 40 churches secured...**

# We know church security.

GenX Security Solutions

# Today's Presentation

Spencer Mehr and Elliott Sperr will explain how a unified platform with Ava security cameras and OpenPath access control for your church can also lead to significant improvement in daily business operations, including:

- Operational efficiencies
- Migrating to the cloud for ease of use
- How the cloud allows for consistent updated technology & saves time
- Automated flow of traffic within the facility using heat mapping, people counting, and other AI features
- Lockdown features available with OpenPath access control
- Sound analytics features available with Ava security cameras, such as gunshot detection, glass breaks, abnormal loud noises, and more
